SUPPLEMENTARY INFORMATION:

Background

The committee was established in accordance with the Federal Advisory Committee Act (FACA) (Title 5, United States Code, Appendix 2). The following provides information about the committee and membership:

- Committee members are appointed by and serve at the discretion of the Secretary of Commerce. The committee provides advice to the Secretary on the implementation of Pub. L. 96–480 (15 U.S.C. 3711), as amended August 9, 2007.

- The committee functions solely as an advisory body under the FACA.

Members are appointed to the approximately 12-member committee for a term of three years. Each member will be reevaluated at the conclusion of the three-year term with the prospect of reappointment to one additional term, pending advisory committee needs and

the Secretary's concurrence. Selection of membership is made in accordance with applicable Department of Commerce guidelines.

- Members are responsible for reviewing nominations and making recommendations for the Nation's highest honor for technological innovation, awarded annually by the President of the United States. Members of the committee must have an understanding of, and experience in, developing and utilizing technological innovation and/or be familiar with the education, training, employment and management of technological manpower.

- The Department is seeking additional nominations of candidates from small, medium-sized, and large businesses and academia, with expertise in the following sub-sectors of the technology enterprise: Medical Innovations/Bioengineering and Biomedical Technology; Technology Management/Computing/IT/Manufacturing Innovation; Technological Manpower/Workforce Training/Education. Under the FACA, membership on a committee must be balanced in background and expertise. In order to maximize the balance of background and expertise, nominations of individuals with backgrounds in the following SPECIAL EMPHASIS areas are particularly sought: Microbiology, Medical Science, Energy Sector, General Engineering, and Environmental Sciences.

- Committee members generally are Chief Executive Officers or former Chief Executive Officers; former winners of the National Medal of Technology and Innovation; presidents or distinguished faculty of universities; or senior executives of non-profit organizations. As such, they not only offer the stature of their positions but also possess intimate knowledge of the forces determining future directions for their organizations and

industries. The committee as a whole is balanced in representing geographical, professional, and diverse interests.

Nomination Information:

- Nominees must be United States citizens, must be able to fully participate in meetings pertaining to the review and selection of finalists for the National Medal of Technology and Innovation, and must uphold the confidential nature of an independent peer review and competitive selection process.

- The United States Patent and Trademark Office is committed to equal opportunity in the workplace and seeks a broad-based and diverse committee membership.
